Superscript is first letter of the lot number.

HOW TO USE

1
Open package and separate TOMCAT Glue Boards.

2
Place TOMCAT Glue Boards in areas (such as along walls) where rodents or insects will most likely cross over them as they move from hiding places to feeding places.

3
After use, simply dispose of the entire board.

Las trampas encordadas TOMCAT funcionan sin veneno ni equipos mecánicos. Las trampas encordadas aprovechan la tendencia natural de un roedor de correr a lo largo de las paredes. Cuando el roedor corre sobre la trampas, quedará adherido. Simplemente deseché toda la trampa encordada.
INSTRUCCIONES DE APLICACIÓN: Coloque las trampas encordadas TOMCAT para ratones a intervalos de 5 a 8 pies.

IMPORTANT:
• Evite las áreas polvorientas apoyando tablas de madera contra la pared y colocando las trampas encordadas TOMCAT entre la tabla de madera y la pared.
• No use las trampas TOMCAT en áreas húmedas. Deséchelas completamente al roedor y la trampa encordada. No coloque trampas encordadas cuando exista la posibilidad de que pájaros u otros animales que no se desean atacar entren en contacto con el adhesivo.
• Evite el contacto de la trampa con líquidos, especialmente con la trampa, que con líquidos mezclados, seguido de un lavado con agua caliente y detergente suave.

IMPORTANT:
• Protect in dusty areas by leaning boards against wall and place TOMCAT Glue Board between board and wall.
• Avoid using TOMCAT Glue Boards in wet areas. Dispose of rodent and glue board completely. Do not place glue boards where there is a possibility of birds or non-target animals coming in contact with adhesive.
• If accidentally contacted, remove with mineral spirits followed by washing with warm water and mild detergent.

TOMCAT Glue Boards work without poison or mechanical apparatus. Glue Boards take advantage of a rodent's natural tendency to run along walls. When a rodent runs onto the board, it will get stuck. Simply dispose of the entire glue board.

APPLICATION DIRECTIONS: Place TOMCAT Glue Boards for mice at 5-8 foot intervals.
