

SOFT BAIT

Motomco Soft Baits are specially formulated to achieve maximum bait acceptance. They are designed to withstand any condition – the bait will not freeze in extreme cold or melt during hot summer months. In addition, the unique preservative package prevents molding and ensures a durable, quality bait that provides excellent control in any situation.

THE ONLY SOFT BAIT WITH THE
POWER OF HAWK® & JAGUAR®

8 lb. Pail - 31208
16 lb. Pail - 31276

HAWK SOFT BAIT

- Formulated with select ingredients including a unique blend of fats and oils for exceptional palatability
- Manufacturing process ensures contact with sachet paper, maximizing bait acceptance
- Single feed formulation contains the active ingredient Bromadiolone, for optimal control of rats and mice

Formulated for maximum palatability & acceptance

Can be easily secured in a bait station

16 lb. Pail - 31318

JAGUAR SOFT BAIT

- Made with Brodifacoum; our most powerful active available
- Extruded hole in center of bait for easier placement
- Larger, 15g bait sachet requires fewer placements – saving time and money
- Made with Lumitrack® – causes rodent droppings to glow under UV light to help identify and track rodents faster and easier

An essential part of your bait rotation program

HOW TO GET THE MOST FROM YOUR SOFT BAIT

Soft Bait is the perfect answer for times WHEN RODENTS AREN'T EATING THE BAIT that is currently available to them. Although it can be used for many applications, we recommend using it as a TEMPORARY SOLUTION. Once your problem has been resolved, simply resume your regular bait rotation program.

USE IT

**WHEN YOU'RE
NOT ACHIEVING
DESIRED BAIT
ACCEPTANCE**

HAWK & JAGUAR Soft Bait's exceptional palatability promotes consistent results

USE IT

**AS AN ALTERNATIVE
IN HOT OR COLD
CLIMATES**

HAWK & JAGUAR Soft Bait maintains its integrity under extreme weather conditions

USE IT

**WHEN SOFT BAIT
IS YOUR CLIENT'S
PREFERRED
BAIT FORM**

If they prefer soft bait, then give them the best
