Take back your yard!

The TOMCAT® Tunnel is a complete trapping system that allows you to eliminate unwanted pests* like chipmunks, squirrels, gophers, and rats around your home or farm.

TRAPPING SYSTEM FEATURES

- INCLUDES: 2 Heavy Duty Reusable Snap Traps, 1 Protective Tunnel, Unlocking Key, and a Key Cap and Key Insert for keyless operation.
- High quality polypropylene tunnel protects traps and can be locked to guard against tampering by children and pets.
- Field-tested, professional grade trapping from the World Leader in Rodent Control Technology.®

USE IN A VARIETY OF INDOOR OR OUTDOOR LOCATIONS

Yard

Garage

Barn

Landscapes

CAN BE USED HORIZONTALLY OR VERTICALLY

HORIZONTAL

VERTICAL

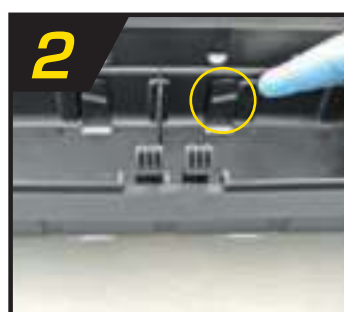

Use cable ties (sold separately) to attach Tunnel in a variety of horizontal and vertical locations.

HOW TO USE

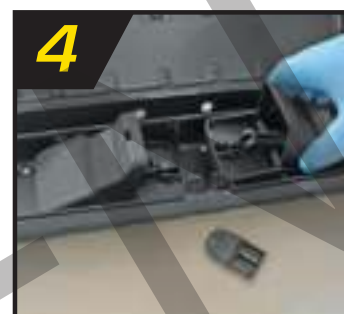

1 Unlock station by inserting included key.

2 Remove traps by pushing out the tabs on each side of the trap.

3 Bait the traps by removing the bait cup at the bottom of the trap. Recommended bait is peanut butter and/or bird seed.

4 Keep traps closed and push traps into secured position. Trap openings should face entry holes.

5 Once secured, traps can be set as usual. Close lid till it locks.

6 Place station along walls, landscaping or other areas where rodents are active. Check station daily.

SNAP TRAP FEATURES

High impact plastic and rust resistant metals allow the trap to be re-used again and again.

Patented, interlocking teeth make escapes virtually impossible.

- INCLUDES KEYLESS OPTION (Use Key Cap and Key Insert)
- Allows the TUNNEL Station to be opened without the key.

Tunnel can also be used to protect mouse traps or glue boards. (sold separately)

CAUTION

Snap traps require considerable force to be effective. KEEP OUT OF REACH OF CHILDREN, PETS & OTHER NON-TARGET ANIMALS

Available Exclusively From:

MOTOMCO
